## What if my image is horizontally oriented, but larger than 1180px wide?

In some cases, when the image's subject matter is orientated in either the center, left, or right, it can be cropped successfully. In these specific cases, it is okay to submit.

Example:

Subject in center

← 1080 px →

✓ Accepted

Subject on left

← 1080 px →

✓ Accepted

Subject too wide

← 1080 px →

✗ Not accepted

- Images must not include text.
- Images may be submitted in JPEG, PNG, or TIFF formats only.
- No videos or animated GIFs will be accepted at this time.
- A simple photo or image is better than a complex one. The image should complement your textual content, rather than draw the eye away from it.
